DAQ Projects

- Architecture and protocol design
- Readout Unit Implementation Study
  - *Study functionality, interfacing*
  - *Design and prototype, performance*
- Event Building Project
  - *Devise strategy L1,L2/3*
  - *Study technologies e.g. Myrinet*
  - *Simulation models, demonstrators*
- Timing and Fast Control
  - *Readout Supervisor*
- FEM Implementation Study
- Event Filter Farm Study (LCB Project)
- Study capabilities of Mass storage (ALICE/IT)
